Creations's by Alno is the most requested line of fine decorative cabinet hardware, offering cutting edge designs from traditional to contemporary styles. Alno Inc. is the designer's choice providing unique designs from one source for fine decorative cabinet hardware, bathroom accessories, mirrors, and mirror cabinets.

As a handmade and finished product, each piece of cabinet hardware may have slight variations in color. Due to the nature of the finishing process there may be some variations within a lot, color, and or finish.

Over time, the living finishes may patina by use or rub off, and coloration will change in a natural process enhancing the cabinet hardware's unique beauty. Alno Inc. is not responsible for coloration transformations on living finishes. Living finishes consist of Bronze, Barcelona, and Chocolate Bronze.

As a handmade and finished product, each piece of cabinet hardware may have slight variations in color. Due to the nature of the finishing process there may be some variations within a lot, color, and or finish.

Over time, the living finishes may patina by use or rub off, and coloration will change in a natural process enhancing the cabinet hardware's unique beauty. Alno Inc. is not responsible for coloration transformations on living finishes. Living finishes consist of Bronze, Barcelona, and Chocolate Bronze.
